

Am E

So you scream and you close the door  
C D  
And you tell yourself it was just a dream  
F/C C D E  
In the morning you head into town cause you want to go antiquing  
Am E  
In the store there s a strange old man  
C D  
With a wandering eye and a withered hand  
F/C C D E  
When he hands you the old wooden box you can hear his old bones creaking  
F/C C Bm7b5 Am  
And you know what you will find inside the moment that you see  
F/C C D E  
That someone carved your name into the tarnished silver key

Am Fmaj7/C  
And there s a creepy doll, that always follows you  
G D G E Am  
It s got a ruined eye, that s always open  
Am Fmaj7/C  
And there s a creepy doll, that always follows you  
G D G E Am  
It s got a pretty mouth, to swallow you whole

**F/C** **C** **Bm7b5** **Am**  
 And when you come home late the doll is waiting up for you  
**F/C** **C** **Bm7b5** **Am**  
 And when you fix a snack the doll says it would like one too  
**F/C** **G** **F/C** **G**  
 The doll is in your house and in your room and in your bed  
**F/C** **G** **F/C** **G** **C**  
 The doll is in your eyes and in your arms and in your head and you are crazy  
**F/C** **D7** **F/C**

Am E  
Now it's late and you head downstairs  
C D  
Cause you just can't sleep so you make some tea  
F/C C D E  
And the doll disapprovingly asks if you really need that much honey  
Am E  
You decide that you've had enough  
C D  
And you lock the doll in the wooden box  
F/C C D E

You put the box in the fireplace next to your bag of big city money  
As the smoke fills up your tiny room there s nothing you can do  
And far too late you see the one inside the box is you

Chorus

And there s a creepy doll, that always follows you  
It s got a ruined eye, that s always open  
And there s a creepy doll, that always follows you  
It s got a pretty mouth, to swallow you whole
