[Verse 1]
```
        F#
On the day she finally left me
          C#7            F#
She left one thing behind
          F#
Just a small box on the table
          C#7            F#
That she wanted me to find
            B               F#
There was something bad inside it
          B               Bb
It was something that I should have left alone
```

[Chorus]
```
     Eb                Fm7       G#maj7/F#
Now everything is standing still
        G#        Eb      Cm       Bb      Bbsus4   Bb
It was only my head that made it revolve
 Eb              Fm7     G#maj7/F#
Everything was fine until
        G#          Bmaj7   C#          F#
it was awful instead now watch me dissolve
```

[Verse 2]
```
      F#
It was mine now, something secret
          C#7            F#
Something precious and rare
            F#
```

And then it changed me, and I liked it
```
      C#7                F#
```
Now I wish it wasn t there
```
          B            F#
```
Would you cancel my appointments
```
        B               Bb
```
Pretty sure I won t be coming in today

[Chorus]
```
        Eb                 Fm7      G#maj7/F#
```
 cause everything is standing still
```
        G#        Eb        Cm        Bb        Bbsus4   Bb
```
It was only my head that made it revolve
```
 Eb              Fm7      G#maj7/F#
```
Everything was fine until
```
        G#        Bmaj7    C#            F#
```
it was awful instead now watch me dissolve

```
 Eb              Fm7      G#maj7/F#
```
Everything is standing still
```
        G#        Eb        Cm        Bb        Bbsus4   Bb
```
It was only my head that made it revolve
```
 Eb              Fm7      G#maj7/F#
```
Everything was fine until
```
        G#        Bmaj7    C#            F#
```
it was awful instead now watch me dissolve

[Verse 3]
```
         F#
```
It s too late to say I m sorry
```
   C#7              F#
```
Anyway it s not true
```
         F#
```
There s a small box on the table
```
       C#7                F#
```
And I left it there for you
```
        B            F#
```
And I really hope you like it
```
        B            Bb
```
If you need me I ll be anywhere but here

[Chorus]
```
        Eb                 Fm7      G#maj7/F#
```
 cause everything is standing still
```
        G#        Eb        Cm        Bb        Bbsus4   Bb
```
It was only my head that made it revolve
```
 Eb              Fm7      G#maj7/F#
```
Everything was fine until
```
        G#        Bmaj7    C#            F#
```
it was awful instead now watch me dissolve
