The cage is very small  
**D5/E**  
A tiny silver ball  
    **A/E**  
That makes you a hero  
    **Am/E**  
The moment you step inside  
**E5**  
The world is watching you  
**D5/E**  
What you re about to do  
    **A/E**  
Will live on forever  
**Am/E**                    **G#m7**  
Even though you ll be dead  
    **C#7**  
And gone  
    **F#m7**  
Buckle up  
                            **A/B**    **B7**  
We re about to turn the engines on.

    **A/E**  
I m holding my own leash  
    **Am/E**                    **G#m7**  
And walking myself outside  
    **C#7**  
This door  
    **F#m7**  
I don t think  
    **A/B**            **B7 E E/G# E/B**

I want to be a good dog anymore

**A** **E/G#**  
Now I m floating free  
**F#m7** **E**  
And the moon s with me  
**F#m7**  
And it s bright enough  
**A**  
To light the dark  
**E/G#** **A** **E/G#**  
And it s so high up here  
**F#m7** **E**  
And the stars so clear  
**F#m7**  
Are they close enough?  
**F#m7b5/A** **Am/C**  
Will they hear me bark from here?

**A** **E/G#**  
**F#m7** **E**  
**F#m7**

We can t really say that we re  
**C#7**  
Surprised  
**F#m7**  
It s a shame  
**A/B** **B7** **E** **E/G#** **E/B**  
There is always something that gets compromised

And it s so high up here

**F#m7 E**

And the stars so clear

Will they hear me bark from here?
