

Now

Jonathan Groff

Capo 5

**G**

Hey, I got your message

**Am G**

That you stopped by the apartment.

**C G**

No worries leave your things here

**G**

For one more day.

**G**

I don't know why this happened.

**Am G**

My life is dark as hell without you;

**C G**

The room feels so much colder

**G**

Since you went away.

**C D**

Brian, I don't want this.

**C G**

Why can't we sit and talk this through?

**C**

I'm losing sleep,

**G Am**

And I need you to come back home

**D**

To me

**G**

Now.

**G**

Since your brother's birthday's Friday

**Am G**

I sent a card from both of us

**C G**

The day before there was no us,

**G**

How was I to know?

**G**

Don't worry about your clothes and all,

**Am**                    **G**  
Maybe I will pack them up.

**C**                            **G**  
Make this easier on both of us,

**G**  
Well, just for you.

**C**                            **D**                    **G**  
Cause everything is breaking down, now

**G**  
Since you've been gone.

**C**                    **D**                    **G**  
I don't even know the days,

**C**                    **G**                    **Am**  
I don't know where to start,

**G**                    **Am**  
I'm in agony,

**G**    **Am D**  
There are times I can't breathe

**G**  
Now.

**G**  
So, I guess that's it.

**Am**                            **G**  
I'm sorry for this message.

**C**                            **G**  
Your bags will all be waiting, when you arrive.

**Am**                            **D**  
I hope you're doing well

**G**  
Now.
