

Last Place

Jonathan Jones

I couldn't find the chords to this song, and I just heard and thought it was beautiful. It's pretty simple.

Note: When he plays each Bb, he lets it linger he doesn't strum (play) through it,

but that's just something to keep in mind. I think it sounds nice both ways.

E# C Bb
Are you weak in the knees, Or just incomplete?

E# C Bb
Is the joy you had once now gone?

E# C Bb
Are you in last place or is this your final race?

E# C Bb
Is the crowd still cheering you on?

E# C Bb x4
(the second part of this interlude might sound better plucking)

E# C Bb
Have you seen her heartbreak from all your mistakes.

E# C Bb
Is your life not going as you planned?

E# C Bb
Is your life not going as you planned?

Hope you enjoyed it! :)
