Hey, don t you know
The circle is the melody
Beauty is a melody
Wonderful the thought of all
Circles are inside of love
Love it is a melody
Beauty is a feeling
Closest to your spirit core
The core it is a circle
Life it is a melody
In the end, an addiction
Love it is an apple core
Before the fruit was beautiful
Now it is a circle
Life and death a cycle
Cycle is a cadence
Know there are no measureables
Melody is a circle
Melody is a circle
Melody is a circle
Melody is a circle
Sit beside me, stay a while
Let me feel my life through you
Though we may not last forever
```

Forever all, I m melodies
