

Children Of Divorce Jonny Craig

The other tab for this song are good but have a few flaws. This tab is 100% correct. I ve watched a bunch of live videos and this is how the guitarist in each

one plays it. Also, the Raised C... I didn t know what else to call it. It s basically a C chord moved to the right 2 frets.

[Verse]

Em	Cadd9	G
And back to these cold shitty days in Portland,		
D/G	Em	
Wishing I d never come across your face,		
Cadd9	G	
Laying by the memories of things unspoken,		
D/G	Em	
Scared by thoughts of your father,		
Cadd9	G	
Made me look over the flaws of your nature.		
D/G	Em	
Laying on your back became your only escape.		
Cadd9	G	
You feel so old, used, but not yet broken,		
D/G	C	
Enough to think you have it all together.		
Raised C		
I never planned to give you your burdens.		
C	Raised C	
But this child was a mistake.		

[Chorus]

G	D/G	Am
I knew from the moment I stepped off that plane,		
C		

We had no future.

G **D/G** **Am**
How come your dreams are always so bitter?

C
And who knows,

G **D/G**
Maybe one day,
Am **C** Raised **C**
She will know my name.

[Verse 2]

Em **Cadd9** **G**
You still return to the same skylines,
D/G **Em**
That leave you broken.

Cadd9 **G**
Cheap talks with even cheaper company.
D/G **Em**
Keeps the days turning into nights.

Cadd9 **G** **D/G** **Em**
You lay awake crying cause your child,
Cadd9 **G**
Carries my name,

D/G **C**
While I regret ever making you apart of my life.
Raised **C**
Sadly enough,

C
This song s not to hurt you,
Raised **C** **G**
Just to show the world that I m free.

[Chorus]

D/G **Am**
I knew from the moment I stepped off that plane,
C **G**
We had no future.

D/G **Am**
How come your dreams are always so bitter?..
C
And who knows,

G **D/G** **Am**
Maybe one day,
C **G** **D/G** **Am**
She will know my name.

C
She will know.
Raised **C** **Em**
She will know.
