Verse:

G Em C G

In the fall of the year, she flew across the ocean

G D/F# Em C D

To Ireland, the land of her fathers

G Em C G

When we said goodbye, a tear was in her eye

G D/F# Em C G

I lost her then and there, my Irish angel

Verse:

G Em C G

The first letter came, she said she loved it there

G D/F# Em C D

And how much she wished I was there with her

G Em C G

She wrote it on a hill, in a gentle Irish rain

G D/F# Em C G

I saw her in my mind, my Irish angel

Chorus:

C D G C

I wrote her back and then there was no second letter

C G D

Just the silence of the snow that fell around me

G Em C G

I let her down, I know, the day I let her go

G D/F# Em C G

Now she s found someone else, my Irish angel
