Listen to the song for timing.

I ve located the chords approximately for timing.

I ve not bothered to write out the chords for the second part of the song, just listen to the song to get the timings.

F#m B

Candyfloss, baby blue eyes,
I ve seen her flying, she s the queen of the sky.
Birds take notice, Aeroplanes too.

C#

But where she goes?

F#m B

Singing, singing, songs about her,
Everybody wants to get near.
Someday soon, well I m gonna know

C#

Where she goes.

D A

I ve been dreaming of her,

F#m D

She s so clear in my mind.

A

Through this world I ll wander,

F#m D Bm

Till I see her face again,

E

But I don t know where she goes.

Could be in Mexico, and could be Japan,
Could be in Fishguard with another man.
Send me a letter, cause I ve got to know when you go.
Candyfloss, baby blue eyes,
I ve seen her flying, she s the queen of the sky.
Someday soon I m gonna know
Where she goes.

I ve been dreaming of her,
She s so clear in my mind.
Through this world I ll wander,
Till I see her face again

(Repeat the whole block above twice)

And I don t know where she goes.

I don t know where she goes. (x4)

(stop)

I don t know where she goes. (x4)
