Jordan Ross - Better Year

A

Baby, Iâ€™ve been thinking for a long time

E D

Maybe itâ€™s time for us to have a little change of scenery

This big, bad world, it has its faults

But thereâ€™s good people out there

Theyâ€™re fighting for the best in us

You know we owe it to the ones that wish they could

Pack it all up and go, and make a change

Chorus:

A

E

And if the world passed us by

F#min

Know that Iâ€™m still here

D

Fighting for our innocence

A

And hoping for a better year

When love conquers all

Weâ€™ll stand and join the masses

The ones that bet on love to win and rise above it

This same old songâ€™s been sung before

But maybe this time itâ€™ll reach down and grab you now

Grab your heart

This big olâ€™ worldâ€™s waiting for you

To step outside and throw caution to the wind, make a change

I know Iâ€™ve seen that look before

The one that says there ainâ€™t nothing gonna stop me now

Youâ€™re not gonna stop us now

Chorus

Bridge:

B, C#, B, C#, B, A, G, D,

Rise above

Chorus

And if you find time to cry

Donâ€™t hold back those tears

Let em flow like the river goes

We are living without fear

Repeat
