E
E
You're always on time but you always forget things

B
You pay attention but you're never listening
Asus2 E
It took you ten times to finally catch my name

E
You always look good but you're always a mess
B
To say you're flawless is more than a stretch
Asus2 B
But then again, there's nothing I would change

E B
You keep me smiling for days
Cm#
Your perfect imperfect ways
Asus2
That funny face you make that rearranges all your freckles

E B
Just being you, you stand apart
Cm#
Just being just who you are

Asus2
It's all the little things that get to my heart
Like your freckles

E
E

Youâ€™re not at all what I was expecting

B

But all the dots are finally connecting

Asus2

E

And we fit just like Iâ€™d want us to

E

Oh â€™cause even when youâ€™re being dumb

B

Pushing my buttons just for fun

Asus2

B

Somehow I always end up laughing too

E

You keep me smiling for days

Cm#

Your perfect imperfect ways

That funny face you make that rearranges all your freckles
