

Let Me Down
Jorja Smith

[Intro] **Em G D C**

Em G D
Sometimes, I wouldn't mind if I was less important
C Em
Would you think about them all the time?
G D C
Wonder if you'll even notice in the morning
Em G
So where'd you go when you can't get to me
D C
And you just can't control?
Em G D
Sometimes, I wouldn't mind if I was less important

G Am Em C
But I've got you to let me down
G Am Em C
I've got you to let me down
G Am Em C
Only you can understand why
G Am Em Em
I've got you to let me down

Em
Yeah, yo, it's like
G
You've got me, I'm pondering that
D
Said, I'll be back in a sec, I need to reflect
C
But you swear it's been longer than that
Em
Time is golden, time is thin
G
But time is rare, so we squander and that
D
I feel your pain when I hear your voice
C
So fix your tone, man, you're stronger than that
Em
And you're, like, the strongest girl I know
G
Probably the strongest, minus my mum
D
Don't go wasting your loving on me
C

When I see tears run, I m likely to run

Em

So girl, don t love me, I mean it

G

When I say I love you, I mean it

D

And it s mad cuz I choose to be distant

C

But it s fucked cuz I know what a queen is

So why do I?

G Am Em

But I ve got you to let me down

C

Why do you let me down? Why do you let me down, down, down?

G Am Em

I ve got you to let me down

Sometimes, your world spins round

C

But you never had a king til now

G Am Em

Only you can understand why

Yeah, girl, do you understand

C

Why these feelings never come to plan?

G Am

I ve got you to let me down

Em

I m never gonna let you down, I m never gonna let you down

Wonder why is it that I m not good enough?

G Am Bm

Some kind of hold over me

G Am Em

I ve got you to let me down

G

I ve got you, you ve got me, I ve got you

G Am Em

But I ve got you to let me down

G

If I let you down, will you self-destruct?

G Am Em

Only you, only you can understand why

C

Only you can understand

G

That I ve got you to let me down
