

**Man On Wire**  
**Jose Vanders**

Not entirely sure about the first 2 chords but better than nothing!

Capo 1

**F/C**

If I wrote down a hundred things,

**F/G**

That I thought that I could do,

**G F**

By the time that I was 67.

**F/C**

Would there be another list,

**F/G**

Of 99 things that I missed,

**G F**

Just because I had a fear of failing.

**F**

Would I have walked between two towers,

**F/G**

Just like the man on wire,

**G F**

Even though he had a chance of falling.

**F**

Would I have opened up my soul,

**F/G**

And let inside that deep dark hole,

**G Am F**

Another human being capable of calling me back home?

**G Am G F**

**Em F**

And we can watch movies,

**Em F**

And we can watch movies,

**Am G F**

Where all ends well.

**Em F**

And we can do coffee,

**Em F**

Yes we can do coffee,

**Am G F**

Where all starts hell.

**Em F Em F**

**Am G Am G F x5**

**Em F Em F Am G Em F**

**F/C**

I wrote down a hundred things,

**F/G**

That I thought that I could do,

By the age of 19 years old.

**F/C**

There s another list,

**F/G**

Of just one thing that I missed,

**G F**

All because I had a fear of failing.

**F/C**

One thing that I left,

**F/G**

Highly unadjusted,

**G F**

Without a line dividing up the letters.

**F**

If I ignored those little words,

**F/G**

I could never become hurt,

**G F**

I could move on and do so much better.

**Em F**

And we can watch movies,

**Em F**

And we can watch movies,

**Am G F**

Where all ends well.

**Em F**

And we can do coffee,

**Em F**

Yes we can do coffee,
