Man On Wire Jose Vanders Not entirely sure about the first 2 chords but better than nothing! Capo 1 F/C If I wrote down a hundred things, F/G That I thought that I could do, By the time that I was 67. F/C Would there be another list, F/G Of 99 things that I missed, Just because I had a fear of failing. Would I have walked between two towers, F/G Just like the man on wire, Even though he had a chance of falling. Would I have opened up my soul, And let inside that deep dark hole, Another human being capable of calling me back home?
