

Travel As Equals

Joseph Arthur

This is my first time submitting a tab, but I m pretty sure this is how you play the main part of the song, verse and chorus included. He is a fantastic artist and this is a great song.

All the verses go like this:

Dm

In the dark of grave yard chatter

F

In the light of freedoms call

C

In the heat of any matter

G

We travel as equals or not at all

And the chorus is the same way:

Dm **F** **C** **G**

In your way, you found a way free

Dm **F** **C** **G**

In your way, you found a way, follow me

Dm **F**

Give it up, give it up

C **G**

Give it up to your destiny

Dm **F** **C** **G**

In your way, you found a way free

Pretty much the same four chords repeated in the pattern, easy enough. Enjoy!
