

**Beyond The Blue**  
**Josh Garrels**

**F#**

Stand on the shores of a site unseen

**B**

The substance of this dwells in me

**F#**

Cause my natural eyes only go skin deep

**B**

But the eyeâ€™s of my heart anchor the sea

**F#**

Plumbing the depths to the place in between

**B**

The tangible world and the land of a dreams

**F#**

Because everything ainâ€™t quite it seems

**B**

Thereâ€™s more beneath the appearance of things

**F#**

**B**

A beggar could be king within the shadows,

**F#**

**B**

Of a wing

**F#**

And wisdom will honor everyone who will learn

**B**

To listen, to love, and to pray and discern

**F#**

And to do the right thing even when it burns

**B**

And to live in the light through treacherous turns

**F#**

A man is weak, but the spirit yearns

**B**

To keep to the course from the bow to the stern

**F#**

And throw overboard every selfish concern

**B**

That tries to work for what canâ€™t be earned

**F#**

**B**

Sometimes the only way to return is to go,

**F#**

**B**

Where the winds will take you

**G#**

**B**

**F#**

**B**

And to let go, of all, you cannot hold onto

**G#**

**B**

**F#**

**B**

For the hope, beyond, the blue

**F#**

Yellow and gold as the new day dawns

**B**

Like a virgin unveiled who waited so long

**F#**

To dance and rejoice and sing her song

**B**

And rest in the arms of a love so strong

**F#**

No one comes unless theyâ€™re drawn

**B**

By the voice of desire that leads emâ€™ along

**F#**

To the redemption of what went wrong

**B**

By the blood that coveres the innocent one

**F#** **B**

No more separation

**F#** **B**

Between us.

**F#**

So lift your voice just one more time

**B**

If thereâ€™s any hope may it be a sign

**F#**

That everything was made to shine

**B**

Despite what you can see

**F#**

So take this bread and drink this wine

**B**

And hide your spirit within the vine

**F#**

Where all things will work by a good design

**B**

For those who will believe

**G#** **B** **F#** **B**

And let go, of all, you cannot hold onto

**G#** **B** **F#** **B**

For the hope, beyond, the blue

**G#** **B** **F#** **B**

Said I let go, of all, I could not hold onto

**G#** **B** **F#** **B**

For the hope, I have, in you
