C, Am, C, Am

C Am  
Run run so fast, over fields and grass, at last, at last, we escaped from the  
C C  
trap. With the rabbit and the bear, and the sparrows of the air, come one,  
Am C  
come all, the hunter is gone.  
(C) F Am G C Am  
And this is our chance to crawl under the wire, through the darkest woods on  
G C  
up to the mountain of fire.  
F Am G C Am  
Where everything is free, in the light of the sun, Where every creature sings  
G C  
Oh Lord, You rescued us all.

C Am  
Don t listen to the snake, for he lies and he takes your hope, your faith,  
C C  
away from you. But when the lion comes around, with his claw and his crown  
Am C  
follow, follow, his every move.  
F Am G C Am  
And this is our chance to crawl under the wire, through the darkest woods  
G C  
on up to the mountain of fire.  
F Am G C Am  
Where everything is free, in the light of the sun, where every creature sings

Oh Lord, You rescued us all.

Praise God, He rescued us all.

I always add this at the end.. Puts a smile on my face every time :)
