

Rainbow

Josh Garrels

[Chorus]

Em **D**
Somewhere over the rainbow
Em **D**
In a world without end
Em **D** **G**
The old river flows down streets of gold
 D
It Â€Â™s the light of men
Em **D**
Come all you weary travelers and
Em **D**
Rest your bones
Em **D** **G**
No trouble will beset my son
 D
When he comes home

[Verse]

Em **D** **Em** **D**
Red was the blood that fell to the earth
Em **D** **G**
The orange flames gonna burn all the dross and the shame
 D
Of my selfish works
Em **D** **Em** **D**
Yellow harvest gathered in the sun
Em **D** **G** **D**
The white winter will give way to the green growth of our love
Em **D** **Em** **D**
Flood waters rise swiftly, deep and blue
Em **D** **G** **D**
O great wing of indigo healing gonna shelter you
Em **D**
Black sky when the promised one died
Em **D**
Rejected and alone
Em **D**
Now rise to the Lord of the skies
 G **D**
Where he sits on the clouds enthroned
