

Bm **A**
Take courage sons, for we must go under
G **A**
The heart of darkness, and set them free
Bm **A**
But dont lose heart when you see the numbers
G **A**
Theres no measure for, the faith we bring
Bm **A**
Its given us, to overcome
G **A**
If we run, where the spirit calls us on
Bm **A**
The greatest things, have yet to come
G **A**
With the dawn, we will rise

Chorus:

G **A**
Though they may surround us like lions
Bm
And crush us on all sides
G **A** **E**
We may fall, but we will rise
G **A** **Bm**
Not by my might, or my power, or by the strength of swords
G **A** **E**
Only through, your love, my lord
G **A** **Bm**
All weve lost, will be, restored
