

**Cm** **Bb**  
 Take courage sons, for we must go under  
           **G#** **Bb**  
 The heart of darkness, and set them free  
**Cm** **Bb**  
 But dont lose heart when you see the numbers  
           **G#** **Bb**  
 Theres no measure for, the faith we bring  
**Cm** **Bb**  
 Its given us, to overcome  
**G#** **Bb**  
 If we run, where the spirit calls us on  
**Cm** **Bb**  
 The greatest things, have yet to come  
**G#** **Bb**  
 With the dawn, we will rise

Chorus:

**G#** **Bb**  
 Though they may surround us like lions  
       **Cm**  
 And crush us on all sides  
           **G#** **Bb** **F**  
 We may fall, but we will rise  
           **G#** **Bb** **Cm**  
 Not by my might, or my power, or by the strength of swords  
           **G#** **Bb** **F**  
 Only through, your love, my lord  
           **G#** **Bb** **Cm**  
 All weve lost, will be, restored
