

Brave
Josh Groban

Josh's new single :Brave

Key of:E

this song gave me fits because the chord changes don't necessarily follow a specific pattern throughout the song and the violins are so present in the song it's sometimes hard to hear the chord changes. If you'll listen real closely, you can hear the guitar play the chord changes and that'll help with the timing

violin part that is played at intro and repeatedly throughout song:

```
e-----|
B-----|
G-----|
D-----2-----|
A-2--0h2--0-----|
E-----|
```
