And it starts like this we crave to be kissed  
**Cadd9**  
by a moment complete in its happiness  
**G**  
Far away from the things that we wish to escape  
**Cadd9**  
that lead us to think we are not awake  
**G**  
We are ourselves despite ourselves  
**Cadd9**  
this place gets smaller as the universe swells  
**G** **Cadd9**  
We come to terms eventually, eventually, eventually.  
**G** **Cadd9** **G** **Cadd9**
