

I Saw You
Josh Kelley

Great song. Go pick up the album if you don't already have it, pretty good stuff. I had the privilege of seeing Josh perform this song live, on a boat in Norfolk Harbor. My fiancée and I got to meet him and got an autograph too. Phenomenal night. The other tab was on the right track except Josh plays it with a capo on the 4th fret.

(Capo 4th fret)

Breakdown:
