

Lights

Josh Ritter

Capo on 1st
Standard tuning

C **Am**
I cannot recall when I ve felt like this
F **G**
It s been a long, old time if I ever did.
C **Am**
So if I act strange, I m hoping you ll forgive
F
I ve got your light
G **C** **Am** **F** **G**
I ve got your light in my eyes.

On some distant moon I lie on my back
For a glimpse of blue fore it s gone to black
It used to be like this, now it s not like that
I ve got your light
I ve got your light in my eyes.

Every heart on earth is dark half the time
Oh I try and try but I can t read your mind.
Sometimes I can t see, that don t mean I m blind
It s just your light
It s just your light in my eyes, in my eyes, in my eyes...
