Am G F C
West of her there s a place I know
Am G F C

Am G F C
Somewhere out there I believe in me

And West of her is where I d like to see

West of her there s another place
Sun shines soft on another face
And the river falls on another sea
And West of her is where I d like to be

AM G F C (X2)

I tried out- running you it didn t last
Everything that catches up must come to
pass And your voice is the one inside my head
I ended up out-running myself instead
