(E)Play your stereo loud
You got your headphones on
I see you (A)dancin around
To your favorite song
Yes who do you (E)love
I want to know his name
Does he (A)feel like I feel
Is he standing in the rain

I m out in the (B)street
City lights (**C#M**)above (**F#**)
It s the (A)nighttime baby don t let go of my love

E/A/E/A

(E)You come a long way baby
From your days at school
I heard you re (A)really living uptown
I m just a downtown fool
Now (E)would it be alright
If I took you for a ride
Took you (A)out on the town
Maybe someplace nice

I m out in the (B)street
City lights (**C#M**)above (**F#**)
It s the (A)nighttime baby don t let go of my love

SOLO

Maybe (E)later on
After the late late show
We can go to your (A)room
I can try on your clothes
You know I m (E)not the kind of man
To come on so strong
But when you look as good as (A)you do
I knew it wouldn t be long

I m out in the (B)street
City lights (**C#M**)above (**F#**)
It s the (A)nighttime baby don t let go of my love (E)

It s the (A)nighttime baby don t let go of my love (E)
