

Way Out Here

Josh Thompson

Hey I checked some other tabs of it, and I didn't like any of them, and most were

played with a capo, so I transcribed it and tabbed it to be played without a capo,

and it sounds good to me.

In key of: **F#**

Intro: **E, A, E, A**

(Verse 1)

E

A

Our houses are protected by the good Lord and a gun

E

A

And you might meet 'em both if you show up here not welcome son

E

A

Our necks are burnt, the roads are dirt and our trucks ain't clean

E

A

The dogs run loose, we smoke, we chew and fry everything

E

A

Out Here, Way out here

(Chorus)

E

A

We won't take a dime if we ain't earned it

E

A

When it comes to weight, brother we pull our own

E

A

If it's our backwoods way of livin' you're concerned with

B

Well you can leave us alone

C#m

Cause we're about John Wayne, Johnny Cash and

A

John Deere

E

Way out here

(Verse 2)- same chord pattern as 1st

We've got a fighting side a mile wide but we pray for peace

Cause it's mostly us that end up serving over seas

Hell if it was up to me I d love to see this Country run

Like it used to be, like it ought to be and just like it s done

(Repeat Chorus)

The end! And if these chords are too difficult for you, then you can capo the first fret and play : **Eb** instead of **E**, **G#** instead of **A**, **Bb** instead of **B**, and **Cm** instead of **C#m**, but Capos will handicap you in the long run, so it s best to learn

how to play without them. Let me know if you have any questions!
