

Once A Year
Josh Wilson

F# **B**
Christmas eve, mom and dad
G# **C#**
Load the car with grocery bags

F# **B**
They take the kids and drive downtown
G# **C#**
B **C#**
And spend the night passing food out

B **F#**
Once a year Decemberâ€™s here
D# **C#**
And our hearts open up
B **F#**
Once a year we give with cheer
D# **C#**
To those who donâ€™t have enough
B **F#**
Wouldnâ€™t it be something
A# **D#** **B**
If we all learned to love like itâ€™s Christmas
C# **F#**
More than once a year

F# **B**
No one rings a bell at the mall in June
G# **C#**
But nobody said we canâ€™t give then, too

F# **B**
And when autumn comes with its changing leaves
G# **C#**
Could we spend more time with the least of these

B **F#**
Once a year Decemberâ€™s here
D# **C#**
And our hearts open up
B **F#**
Once a year we give with cheer
D# **C#**
To those who donâ€™t have enough
B **F#**
Wouldnâ€™t it be something
A# **D#** **B**

If we all learned to love like itâ€™s Christmas

C# **F#**

More than once a year

B

Love is patient, love is kind

C#

Love will always find the time

B

Love is now and love is here

C#

Love is more than once a year

B **F#**

Once a year Decemberâ€™s here

D# **C#**

And our hearts open up

B **F#**

Once a year we give with cheer

D# **C#**

To those who donâ€™t have enough

B **F#**

Wouldnâ€™t it be something

A# **D#** **B**

If we all learned to love like itâ€™s Christmas

C# **F#**

More than once a year
