G D G D G

I can t stand to hear the sound

Lord burn the church and burn the friar

Don t let the clouds move in, just let the flames grow higher

Lord [???] this earth and [make so much sense?]

But grant the righteous their recompense

It was all of us lord, we re to blame

Since [..... hands?] have been so unashamed

Leave our souls to burn down with the flames

Until we change, we haven t changed

Until we change, we ll never change

So like this we ll remain

Em C G

Let the cowboys burn the houses

Em C G

Let them burn them to the earth

Em C G

Let those cowboys burn in ashes

D

[Because they ve hurt?] x3

It was all of us Lord, we re to blame

Since [..... hands?] have been so unashamed

Leave our souls to burn here in the flames

Until we change, we haven t changed

Until we change, we ll never change

And so like this we ll remain
