Verse:

**C** **G** **C**  
Well I got another letter in the mail today  
**C** **G** **Am**  
After 27 lines I hadn t a thing to say  
**Am** **F** **G**  
It said I love you little brother but I don t know why  
**Am** **F** **G**  
You let your hair get long and your soul get tired

So I took another walk into the grocery mall  
And I took a couple photos of the bathroom stalls  
Seems that everyone is looking for the next good time  
It made me feel a little funny so I closed my eyes

I started wishing for a chemical to make me feel  
A little more animal a little less real  
I settled for the cigarette I got from the girl outside  
She said I talked a little funny but I didn t mind

Chorus:

**F** **Am** **G**  
Oooh, am I never gonna feel the same way?  
**F** **Am** **G**  
Oooh, am I ever gonna feel the same way?

I find it sorta silly how we push and pull  
Scratching like a kitty till our paws are dull  
It seems your brother likes boys but he ties his shoes  
With the right side first, baby just like you

So I put a lot of makeup on my cash machine  
And I dressed up like a lady on the mezzanine  
I started hollering a curse from the room upstairs  
You see I thought that I was mighty but the truth is I m scared

**F**    **Am**    **G**  
Oooh, am I never gonna feel the same way?

**F**    **Am**    **Em**  
Oooh, am I ever gonna feel the same way?

**Am**            **Em**            **F**            **C**    **C/B**    **Am**  
La la la la la la la la la la
