Tabbed by: Ook Tong
Email: oh_ok27@yahoo.com.au

Tuning: Capo 1st

yeah i heard this song at the end of an episode of HOUSE - it made me really want to learn it on guitar - looked up the tabs - there wasn't any :[- so that's why i tabbed it out :D i'm not the best at tabbing out songs, but hope it's mostly correct :]

Intro: **G, C2, G, C2, G, C2, G,** (Open ? Look at the tab below), **G**

	G	C2			O
e	--3----	3----	3----	3----	3----
B	--3----	3----	3----	3----	3----
G	--0----	0----	0----	0----	0----
D	--0----	2----	0----	2----	0----
A	--2----	3----	2----	3----	2----
E	--3-----	3-----	3-----	3-----	3-----

I've got no idea what to call the chord, so let's just call it **O** :]
