B **E** **B (B, B/Bb)**
I like the way youâ€™re not afraid
E **B** **D#m**
Youâ€™ve got the world planned in your mind
B **E** **B**
People say you cannot do it
G#m **F#** **B**
But they donâ€™t know a friend like you

The girl you love has gone away
Still too young to know her heart
Sheâ€™ll return her love renewed
Cause sheâ€™ll never find a friend like you

When I had no one to call
All the world had shut me down
I showed up at your door so blue
Thank God I had a friend like you

Many times Iâ€™ve gone without
A home, a meal, a pair of shoes
If you had three youâ€™d give me two
There ain t no other friend like you.
