I like the way youâ€™re not afraid  
**E** **B** **D#m**  
Youâ€™ve got the world planned in your mind

People say you cannot do it

But they donâ€™t know a friend like you

The girl you love has gone away  
Still too young to know her heart  
Sheâ€™ll return her love renewed  
Cause sheâ€™ll never find a friend like you

When I had no one to call  
All the world had shut me down  
I showed up at your door so blue  
Thank God I had a friend like you

Many times Iâ€™ve gone without  
A home, a meal, a pair of shoes  
If you had three youâ€™d give me two  
There ain t no other friend like you.
