REAL FANS SUPPORT BANDS BY PURCHASING THEIR CDS!!!

. = Palm-Muted
~ = hold note
^ = vibrate
p = pull off
h = hammer on
/ = slide up
\ = slide down
* = harmonic

Tuning: Standard

Capo 3 (chords are realtive to the capo)

Note: The chord pattern is very basic but very fun. You can make the song feel much more
alive when you play it without a band by playing around with the bass notes.
Heres a little video to help you with the pattern and chord progression:
