[capo on 6th fret]

INTRO: **F Am Bb F C**

F
I was just thinking
Am
It s been a long time
Bb
Since I got to see you
F C
Tell you, I wish you were mine
F
And so I ve been sinking
Am
Into this dark place
Bb
Cause I need to hold you
F C
Tell you, I ll never be fine
Bb F
Unless you come home
Bb C
I wish you would come home

Dm Bb F C
So long sunshine I ve opened my eyes
Dm Bb F C
Clouds of grey have taken my warm sky
Dm Bb F C
Away Still I know
Gm Bb F C
You re always, you re always

F
Once
Am
I thought I saw you
Bb
Wearing those blue jeans
F C
The ones with the holes in the knees
F
But I was mistaken
Am

It was a stranger

Bb

And she flashed me a smile

F C

As if she could somehow see

Bb F

That I need you to come home

Bb C

I wish you would come home

Dm Bb F C

So long sunshine I've opened my eyes

Dm Bb F C

Clouds of grey have taken my warm sky

Dm Bb F C

Away Still I know

Gm Bb F C

You're always, you're always

Bb F

The day broke, it turned us around

Dm

We ended up on the ground

Bb C

Suddenly everything changed

Dm Bb F C

So long sunshine I've opened my eyes

Dm Bb F C

Clouds of grey have taken my warm sky

Dm Bb F C

Away Still I know

Gm Bb F C

You're always, you're always
