Unless you come home

Away Still I know
Bm D A E
You re always, you re always

A
Once
C#m
I thought I saw you
D
Wearing those blue jeans
A E
The ones with the holes in the knees
A
But I was mistaken

It was a stranger

And she flashed me a smile

A E

As if she could somehow see

D A

That I need you to come home

D E

I wish you would come home

F#m D A E

So long sunshine I've opened my eyes

F#m D A E

Clouds of grey have taken my warm sky

F#m D A E

Away Still I know

You're always, you're always

D A

The day broke, it turned us around

F#m

We ended up on the ground
