Artist - Joshua Radin
Song - You re not as young
Album - The rock and the tide

Live version: Capo 1st fret
Album version: No capo

Notes. The **G2** chord is a step down from **G**.
Play **G** (from high E to bottom E) 3.3.0.0.2.3
then **G2** is 3.3.0.0.0.2

The chords are not placed where they change. I tried many times to place the
chords where they change in line to the lyrics and had no success. Listen to the
track for where the chords change
