All My Friends
Josiah Leming

I know these aren t the 100% correct tabs, but the chords work and they are much easier to
learn, especially for beginners.
You can be creative with the strum pattern, it may take awhile to get a feel for it.

Intro: **Em7 Asus4 C Cmaj7**

Verse:

Tell me [**Em7**]

If I [**Asus4**] come, do I [C] ever get to [**Cmaj7**] go?

[**Em7**] Or will you [Asus4] just break down [**C**] and cry

God bless [**Cmaj7**] your soul [**Em7**]

When everbody sees we re growing cold
But you don t know
That lately, i ve been unable to hold down all the air
And i know i always swore i d never swear
But i m growing so damn tired of getting old
And getting cold, God bless my soul

Chorus

[**G**] And all my [**F#7**] friends are telling me [**Em**]

Everything [**Am**] that I [**C**] could be

[**G**] So I just smile [**F#7**] but secretly

[**Em**] I think I m starting [Am] to [**C**] believe

[**Am7**] I m gonna make it out [**C**] of here [**Em7**]

[**Asus4**] I gotta make [**C**] it out [**Cmaj7**] of here

Back to the verse:

Give me intoxication over sobriety
Give me proof of everything that you believe
I really don t appreciate you preaching to me
Can t you see?
Oh, you ll see that i m more that just a waste of given space

Or a rejection of your offer of some grace
Cause i know that there s a time and there s a place for me
And i can see

That all my friends are telling me
Everything that i should be
So i just smile, but secretly
I know i m starting to believe
I m gonna make it out of here

Bridge:
The chords are the same as the chorus

[G] Girl i [F#7] swear to you i ll [Em7] never let them [C] tear my [Am] soul
out
[G] Try as though they may they ll surely fail without a doubt
Looking back we ll wonder what we were so sad about
The best days of our lives pass by before we figure out

The same for the end

[G] That all my [F#7] friends believe in me [Em]
And everything [C] i m [Am] gonna be
[G] So we just [F#7] smile, and we start to sing [Em]
To anyone [C] and everything
[Am7] We re gonna make it out
(Alternate between **Am7** and **C**)
We re gonna make it out
We re gonna make it out
Oh, we ve gotta make it out of here
Em7 Asus4
We gotta [C] make it [Cmaj7] out of here
Em7
Oh [Asus4] oh woah [C] woah [G]
