G = 320033    Em7 = x24232    G/D = xxx787    D = xx0232  
Em7 = 022033    Bbm7 = x13121    G6/E = xxx987  
Cadd9 = x32033    Am7 = x02010    C = x-x-10-9-8-8  
\*\*\*\*\*

INTRO

G    Em7    Cadd9    G    x2

VERSE I

G                            Em7                            Cadd9                            G  
What happened to this morning when I, I woke up hung-over?  
G                            Em7                            Cadd9                            G  
What happened to the people, walking hand in hand, yeah?  
G                            Em7                            Cadd9                            G  
Let s treat this day like a newborn baby, wants to be looked after  
G                            Em7                            Cadd9                            G  
Let s treat this moment like one never felt before, yeah

CHORUS

G                            Em7                            Cadd9                            G  
Everybody walk hand in hand, get hold of your land, push together, yeah  
G                            Em7                            Cadd9                            G  
Everybody get over hate, you turned up too late, that trick s over

VERSE II

G                            Em7                            Cadd9                            G  
What happened to the story, when the light let go of darkness?  
G                            Em7                            Cadd9                            G  
What happened to that ray of sunshine?    She was fighting strong  
G                            Em7                            Cadd9                            G  
No more delay,    no more competing    for a happy ever after  
G                            Em7                            Cadd9                            G  
Today, we play on one team,    yes, that s one team for all

CHORUS

G                            Em7                            Cadd9                            G  
Everybody walk hand in hand, get hold of your land, push together, yeah  
G                            Em7                            Cadd9                            G  
Now everybody get over hate, you turned up too late, that trick s over

BRIDGE

**Em7** (Bbm7) **Am7** (Bbm7)  
 We roll on, bleeding weak from strong, knowing right from wrong  
**Em7** **Cadd9** **G/D...**  
 What happened to this morning, when I woke up and the world was bruised?

INTERLUDE

...**G6/E C**  
**G/D G6/E C**

VERSE III

**G/D** **G6/E** **C**  
 See everybody s taking care of themselves  
**G/D** **G6/E** **C**  
 Not looking out of the widest window  
**G/D** **G6/E** **C**  
 Somehow everybody s taking care of themselves, but not no-one else  
**G/D**  
 What happened to this morning?  
**G6/E C**  
 We re stalling our love

CHORUS

**G** **Em7** **Cadd9** **G**  
 Everybody walk hand in hand, get hold of your land, push together, yeah  
**G** **Em7** **Cadd9** **G**  
 Now everybody get over hate, you turned up too late, that trick s over  
**G** **Em7** **Cadd9**  
 What happened to this morning when we woke up hung-over?  
**G**  
 Like soul ache forever  
**G** **Em7** **Cadd9**  
 What happened to the day, when the people walked hand in hand,  
 together, man?  
**G** **Em7** **Cadd9** **G** **G**  
 Let s treat this day like a newborn baby, want to be taken care of  
**Em7**  
 What happened to this morning?  
**Cadd9 D**  
 We re stalling our lo----ve  
**G**  
 What happened to that day?
