Tab by Chris Zwick
My email address is *

The Reason I Tabbed this song is because I think its a good excersise on the fingers and pretty easy once you get the hang of it. There are a few parts that I was unsure of and find out where when you play this song, if you got any corrections just email me and me and I ll change it. I am willing to tab any song by Joureny that I have in my music library. But I will only the song if there is enough people who want it tabbed or on special occasions I ll do for just one person. But to have me tab a song I have to have at least 15 to 20 emails as I can.

Thank You For reading this tab and please rate.

The question mark at the end of 22 is an I m not sure because my fret board on my guitar goes to 21 so I can t really help you on that part but you do play 22 five times till end

- The Key things
- b= bend the string
 - = slide down the fret board
 - /= slide up the fret board
 - h= hold note out
 - .(the dots above the notes)= palm mute
