

**Only The Young
Journey**

[Intro] C9 Am C9

D
Another night in any town
You can hear the thunder of their cry
Ahead of their time
They wonder why

D
In the shadows of a golden age
A generation waits for dawn
Brave carry on
Bold and the Strong

G
Only the young can say
They re free to fly away
Sharing the same desires
Burnin like wildfire

D
They re seein through the promises
And all the lies they dare to tell
It's heaven or hell
They know very well

G
Only the young can say
They re free to fly away
Sharing the same desires
Burnin like wildfire
