

Turn Down The World Tonight
Journey

A
Caught up in the living... getting through each day

When all your tomorrows become faded yesterdays

D

Are you slipping away

A
Blinded by schedules... rushing here and there

Become strangers to each other... I miss you everywhere

D

How did we get this way

E

D

When the loneliness becomes too much to bear

Bm

D

E

Get off this merry-go-round... tell each other we still care

A
Help me turn down the world tonight

D

Take a quiet moment somewhere we can unwind

F#m **D**

Losing touch... we forget to take time to share what s in our hearts

E

Speak what s on our minds

C#m

D

In the silence hear your heartbeat next to mine

Bm

D

E

A

Baby help me turn down the world tonight

A
So much information streaming at us fast

What I really need to know is if we can make it last

D

I wanna keep you close

A
We make commitments... take responsibility

Why do we let them come between you and me

D

That s when I miss you most

E

D

We gotta take this night... knowing our love won t wait

Bm D E
Before our moment is gone... baby say it s not too late

C#m D
Far beyond the noise with your body next to mine

Bm D E A
Won t you help me turn down the world tonight
