Joy Division

Intro: (**C#   F#**)

   (**C#   F#**)
Walk in silence,
Don t walk away, in silence.
See the danger,
Always danger,
Endless talking,
Life rebuilding,
Don t walk away.

(**C#   F#   G#   F#**)

      (**C#   F#**)
Walk in silence,
Don t turn away, in silence.
Your confusion
My illusion
Worn like a mask of self-hate
Confronts and then dies
Don t walk away

G#   **F#**
People like you/ find it easy,
(**C#   F#**)
Naked to see
Walking on air
Hunting by the rivers
Through the streets
Every corner abandoned too soon
Set down with due care
Don t walk away in silence
Don t walk away
(**C#   F#   G#   F#**)
