As always, timings are approximate at best.

Something like this is played in place of chords in Substance version:

```

G-----5--7--5---5---5-----5--7--5-----|
D-----|
A-----|

```

Chords in live version:

D-----12--12--12--12--12-----12--12-----12>10--10--10--10-----|
A-----10--10--10--10--10-----10--10-----10>8--8--8--8-----|

```

```

```

Additional chords (both versions, toward end of song):

```

```

of Iron) and the rather apocalyptic live version of Heart and Soul both from the Shadowplay performance.) Not included is the acoustic guitar Ian is plinking on in the live version.

The Substance version appears to have synth added as a sort of background filler, and the chord portion of the song in live versions is replaced by a variation of the melody.

This song could hardly be considered complete without the unique bass portion... Oh well.
