[Intro]

Fm

C#5

So you just stand there

G#5

With a dollar at your feet

F#5

And you wait as I retreat

G#5

To go get mine

C#5

And when I get back

G#5

You re still waiting silently

F#5

Cause my mother s fast asleep

G#5

Right next door

G#5

C#5

Yeah, I m 26 and I still live with my parents

G#5

Oh, I can t do laundry

F#5

Christ, I can t do dishes

G#5

What ll I do without you

C#5

When your body fails you

G#5

When nobody loves you

F#5

All they do is miss you

G#5

But they don t even care

G#

C#

So be careful when you run downstairs

G#

Be careful who you talk to

F#

Or the wonderful way you walk

G#

You are like a magnet for all evil

C#5

So you just stand there

G#5

With a dollar at your feet

F#5

And you wait as I retreat

G#5

To go get mine

C#5

And when I get back

G#5

You re too terrified to speak

F#5

And my brother s such a creep

G#5

Even more

G#

C#

Yeah, be careful when you run downstairs

G#

Be careful who you talk to

F#

Or the wonderful way you walk

G#

You are like a magnet for all evil

C#

Cause there s so much good inside you

G#

And I wish that I could hide you

F#

Some place no one could hurt you

G#

Where nobody could change you

C#5

I ll lock you in my room

G#5

And I ll tie you to the sheets

C#5

Cause I could watch you sleep for weeks

G#5

Oh, the things you d never see

F#

If it were up to me
