Through the shadows, dark as shame
I can still hear your voice falling down with the rain
Washing memories from the trees

Til this road s covered over and lost in the leaves

Careless children, fresh as sin
I was your trouble when you were my friend
Sweet as rain on hallowed ground
One endless summer that ended somehow

Hoo hoo-oo, hoo

CHORUS:

G	Em
Heal the old wounds, lay me down	
F	D
Take me home to hallowed ground	

Walked the long road til I found
Each step took me further from where I was bound
Bruised and broken in my soul
Longing for something that we used to know
Hoo hoo-oo, hoo

Em

G
 And we were chasing the grey wind and wasting our days in the sun

 But stand and deliver, and peace like a river will run

REPEAT CHORUS TWICE
FADE ON G
