Intro: **Csus2** **Em7** **Csus2** **G** (2X)

Csus2 **Em7**
Youâ€™ve got such a pretty smile.
Csus2 **G**
Itâ€™s a shame the things you hide behind it.
Csus2 **Em7**
Let em go give it up for a while...
Csus2 **G**
Let em free and we will both go find it.

B **C**
Chorus: I know thereâ€™s no where you can hide it.
B **C**
I know the feeling of alone.
B **C**
I know that you do not feel invited,

B C A7

But come back, come back in from the cold.

Csus2 Em7

Step away from the edge.

Csus2 G

Your best friend in life is not your mirror.

Csus2 Em7

Back away come back away come back away...

Csus2 G

I am here and I will be forever and ever and I...

B C

Chorus: I know there's no where you can hide it.

B C

I know the feeling of alone.

B C

Trust me and don't keep that on the inside.

B C A7

Soon you...you'll be locked out on your own.

Csus2 A7 Csus2 A7

You're not alone... You're not alone...

Csus2 A7 Csus2 A7

And don't say you've never been told. I'll be with you till we grow old...

Csus2 A7 Csus2 A7

Till I, am old grown and I'm cold.. I'm not further beyond the grown...

Csus2 A7 Csus2 A7

I'll be with you till we grow up young.. Like a dog you can always come home..

Csus2

Pick up a bone.. Look around town baby down town, Darlin

A7

Don't throw me to the pound.. Yeah now bop ba baba ba

Csus2 (let ring till out)

** Another thing that I do is lead into the Csus2 chord with a quick slide from the single note B (second fret on A string).

And as for the ending... My gosh, how do you transcribe gibberish lyrics!!

I can't guarantee the accuracy of the Yeah now bop ba baba ba part.

Great song to learn and perform for your lover.

Anyway, enjoy!
