BOTH SIDES NOW  
by Joni Mitchell  
performed by Judy Collins

**A E/A D/A A**  
Bows and flows of angel hair,  
**A C#m D A**  
And ice cream castles in the air,  
**A F#m Bm**  
And feather canyons everywhere:  
**Bm/D D/E**  
I ve looked at clouds that way.  
**A E/A D/A A**  
But now they only block the sun,  
**A C#m D A**  
They rains and snow on everyone.  
**A F#m Bm**  
So many things I could have done,  
**Bm/D D/E**  
But clouds got in my way.

**A D A**  
I ve looked at clouds (love)(life) from both sides now,  
**Bm/D A/C# D A**  
From up and down, and still somehow  
**C#m F#m**  
It s clouds illusions I recall  
**Bm D/E A**  
I really don t know clouds at all.

**A E/A D/A A**  
Moons and Junes and ferris wheels,  
**A C#m D A**  
The dizzy, dancing way you feel,  
**A F#m Bm**  
When every fairy tale comes real:  
**Bm/D D/E**  
I ve looked at love that way.  
**A E/A D/A A**  
But now it s just another show,  
**A C#m D A**  
You leave them, laughing as you go.  
**A F#m Bm**  
And if you care, don t let them know.  
**Bm/D D/E**  
Don t give yourself away.

**A**            **E/A**            **D/A**            **A**  
Tears and fears and feeling proud,  
          **A**            **C#m**            **D**            **A**  
To say,
