The Spiritual - Jukebox the Ghost

F# C# F# F#7
Some walk quiet, some walk loud
B F# Ab
Sometimes people yell but they don t know what they re yelling about
F# Bb B F#
I ve said things I didn t mean, but I d already said them out loud
F# C# F#
Forgive me if you can find out how

F# C# F# F#7
You could rise, you could sing
B F# Ab
Some keep filled up with the secrets that they think they need
F# Bb B F#
Oh, what ever will the others think?
F# C# F#
That you re human like the rest of us, weak

Bbm B
Lord above me
F# C#
To my knees bring me
B F#
It s a call I don t often make
C#
This is the rarest of pleas
F# F#7
Fair enough
B Bm
Again you got the best of me
F# C# F#
Now let me go, let me go in peace

(Same progression for each verse)

I should ve left
But for you I ll stay
There s a part of me that likes it
When it burns that way
I put my finger time and time through an open flame

Going slowly so the burn reminds me

That we might have kissed a bit too soon
I could feel what was coming and I didn't mean to hurt you
I just knew that time would find our fingers linked, through and through
Forgive me I'm human too

Bbm **B**
Lord above me
 F# **C#**
To my knees bring me
 B **F#**
It's a call I don't often make
 C#
This is the rarest of pleas
 F# **F#7**
Fair enough
 B **Bm**
Again you got the best of me
 F# **C#** **F#**
Now let me go, let me go in peace

I walk the night
As the rain turned to sleet then to my use the roads became cruel
And left me to my vices
So I drank, stood, stared then walked down into the street
Singing come on course life take me

Bbm **B**
Lord above me
 F# **C#**
To my knees bring me
 B **F#**
It's a call I don't often make
 C#
This is the rarest of pleas
 F# **F#7**
Fair enough
 B **Bm**
Again you got the best of me
 F# **C#** **F#**
Now let me go, let me go in peace

No!

F# **C#** **F#**
Let me go, let me go in peace
