## A Light To Call Home Julia Brennan

```
[Verse 1]
Scars, that s all I have
Pain, that s all I feel
People stop and stare
But they have no idea
And through these tears
And through this pain
      Em
I will stand once again
[Chorus]
               Em
Cause I may be homeless, but not hopeless
Fatherless but fearless
I ve got myself, I ve got my freedom
But I m searching for my home
           Em
 Cause I am hurting, but not helpless
Full of strength and scars
    Em
I m out here in the darkness
Looking for a light to call home
Looking for a light to call home
[Verse 2]
Fear, that s all I own
Smiles don t come so easy
I m out here all alone
```

```
You ve got it good, believe me
Through these tears
And through this pain
      Em
I will stand once again
[Chorus]
Cause I may be homeless, but not hopeless
Fatherless but fearless
I ve got myself, I ve got my freedom
But I m searching for my home
           Em
Cause I am hurting, but not helpless
Full of strength and scars
       Em
I m out here in the darkness
Looking for a light to call home
Looking for a light to call home
[Bridge]
Strong, that s what I am
Okay, that s what I will be
You might not understand
But I won t let that define me
[Chorus]
               Em
Cause I may be homeless but not hopeless
Fatherless but fearless
I ve got myself, I ve got my freedom
But I m searching for my home
Cause I am hurting but not helpless
```
